Subject: SMMUSD: Update on Caulk Removal at MHS and JCES

Mr. Armann:

This email informs EPA that SMMUSD, pursuant to EPA's approval and acknowledgement letter on October 31, 2014, has completed removal of PCB Bulk Waste at Malibu High School (MHS) and Juan Cabrillo Elementary School (JCES) pursuant to the MHS Specific Plan and subsequent disclosures.

Work has been conducted in accordance with the following plans:

- Site-Specific PCB-Related Building Materials Management, Characterization and Remediation Plan for the Library and Building E Rooms 1, 5, and 8 at Malibu High School (July 2014) Available online:
<http://www.smmusd.org/PublicNotices/PCBRemediationPlan070314.pdf>
- Supplemental Removal Information for the Library, Building E - Rooms 1, 5, and 8 and Building G - Room 506 at Malibu High School (September 26, 2014) Available online:
<http://www.smmusd.org/PublicNotices/MHSSuppRemovalSSP092614.pdf>
- Notification of Additional Locations at Malibu High School and Juan Cabrillo Elementary School to be Addressed in Accordance with October 2014 USEPA Approved Plan (March 20, 2015) Available online:
http://www.smmusd.org/PublicNotices/EnvDocs/ENVIRONtoUSEPA_032015.pdf

This work started on June 8, 2015, and all identified and verified PCB containing caulking above 50 ppm has been removed from the previously described rooms in MHS and JCES as of June 16, 2015. Decontamination and encapsulation steps are currently ongoing. Anticipated re-occupancy of the remediated rooms is projected for July 13, 2015. After completion of all Summer 2015 remediation and sampling activities, Ramboll Environ will provide the EPA a written report summarizing all activities.

Regards,

Ted
